ABOUT LAW

LAW was chartered in 1941. Since then, it has evolved into the only statewide association for wholesalers. Not only does this organization provide networking opportunities for wholesalers and distributors, but it also provides legislative and regulatory representation on issues important to the industry.

Over the past 10 years, LAW has become the leader in legislative representation for the tobacco industry. LAW has been the grassroots arm of preventing tobacco tax increases in Louisiana. LAW has also worked to author proactive legislation to better the distribution chain in Louisiana.

Some legislative items LAW has championed:

- Continuous work to prevent tobacco tax increase
- Ensuring no floor tax is levied on the wholesaler or retail level
- Protecting any change to the stamping discount
- Increase tobacco enforcement through ATC
- Remedy on bad debt from retailers
- Minimum pricing formula that provides better outcomes for wholesale and retail companies
